

Table of contents

In order of presentation

Why transformers fail?	1
Hongzhi Ding, Richard Heywood, John Lapworth, Simon Ryder	
Corrosive Sulphur in transformer oils: Review of emerging trends in test methods and mitigation techniques	15
T.C.S.M Gupta, R. Ganesh, D.V. Jagannathan	
Transient thermal performance of transformer windings	35
Yuriy Odarenko	
The Phantom Menace – Partial discharge in high voltage equipment	53
Gary Towler	
On Load tap changer dynamic resistance measurement	77
Raka Levi, Alex Cincar, Keith Bensley	
Utilizing Piecewise Linear approximation and Harmonic Regression to analyse power transformer insulating oil on-line dissolved gas samples	91
Donald Lamontagne	
Case Study: Application of refrigeration type cooling to power transformers..	111
Brodie Stephenson	
Vibro-Acoustic testing applied to tap changers and circuit breakers	133
Fouad Brikci	
Automated PRPD pattern recognition system for monitoring of HV cable	161
W. Koltunowicz, A. Belkov, A. Obralic, R. Plath	
Prevention of oil filled transformer explosion: Design of efficient protections using numerical simulations	179
Guillaume Periguad, Margareta Petrovan-Boiarciuc	

Application of Corona Imaging to MV & HV Insulator Management	197
Trevor Lord, Graham Hodge	
The Evolution of MV Switchgear	231
Joe Glavas	
Substation Noise Modelling and Determination	245
Myra Khan	
Condition Monitoring of Vegetable Oil Filled Power Transformers	271
D. Martin, N. Lelekakis, V. Davydov	
Field Results of Monitoring Partial Discharges on In-Service Large Power Transformers.....	287
Claude Kane, Alexander Golubev	
Heat Reclamation System.....	303
Guy Barnsley, Tony John	
Perceptions of a Young Engineer	311
Jared McKee	
Important Markers for Estimating the Ageing Condition of the Solid Paper Insulation and the Limiting Factors for their Usefulness in Determining the Remaining Life of a Transformer	321
Lena Melzer, Lars Pettersson, Kjell Carrander, Anne-Marie Haug	
Power Transformer Condition Monitoring and Life-Cycle Management Experience from a Detailed Case Study	335
Richard Heywood, Matthias Boltze, Sacha Markalous, Carl Johnstone	
Naphthenic Transformer Oils.....	349
Edward Casserly
